

The Alpine Expedition

ExtremeCom 2012

4th Extreme Conference on Communication

March 10-14, Zurich, Switzerland

3-day snowshoe hike in the Swiss Alps with overnight stay in huts or self-made igloos.
Experiments and visits of sensor network testbeds in the Swiss Alps.
2-day solar-powered technical program in a high altitude hut.

The Extreme Conference on Communication (ExtremeCom) brings together researchers and practitioners in areas related to communications in rural and remote environments, in order to gain experience and insight into the challenges that such environments pose for the network and the users. We welcome a broad range of topics concerning both technical and economical aspects, for example delay tolerant networks and other networking paradigms, business and services models, low power devices and protocols, user experiences and web applications.

General and TPC Chairs

Ben Hui, DT/TU Berlin, Germany
Anders Lindgren, SICS, Sweden

Local Arrangement Committee

Bernhard Distl, ETH Zurich, Switzerland
Franck Legendre, ETH Zurich, Switzerland
Sascha Trifunovic, ETH Zurich, Switzerland

Publicity Officer

Aline Carneiro Viana, INRIA, France

Web Chairs

Fehmi Ben Abdesslem, University of Cambridge, UK
Bernhard Distl, ETH Zurich, Switzerland

Steering Committee

Jon Crowcroft, University of Cambridge, UK
Avri Doria, Luleå University of Technology, Sweden
Tristan Henderson, University of St. Andrews, UK
Ben Hui, DT/TU Berlin, Germany
Anders Lindgren, SICS, Sweden

Submission deadline: December 21, 2011

Acceptance notification: January 21, 2012

Conference dates: March 10-14, 2012
